Building healthy sustainable environments

wavin

About Wavin

Wavin is an innovative solution provider for the building and infrastructure industry across multiple continents. Backed up by 60+ years of expertise, we are geared up to tackle some of the world's biggest challenges around: water supply, sanitation, climate-resilient cities and building performance.

At Wavin, we focus on creating a positive change in the world. Our passion is to build liveable and loveable places. We engage and collaborate with city leaders, engineers, planners and installers to help make cities future-proof, and their buildings comfortable and energy-efficient.

Wavin is part of Orbia, a community of companies bound together by a shared purpose: to advance life around the world. Wavin has 12,000+ employees in 40+ countries worldwide and operates under brands like Wavin Amanco and Pavco.

For more information about Wavin, visit us @ www.wavin.com
or for Wavin India, visit us @ www.wavin.co.in

Let's Build Long-lasting Cities

Wavin is a leading global solutions provider for the building and infrastructure industry. With a presence spread across continents and a legacy of over six decades, Wavin is now in India as a fully committed supplier & solution provider for sustainable water supply and management systems, Made In India.

Wavin India is committed to providing the best solutions to India's urban population for safe and efficient water supply, and better sanitation and hygiene through a comprehensive product Portfolio made available through our pan-India network of distributors, agents and licensed partners.

Wavin SuperTemp CPVC Pipes and Fittings

Wavin's advanced SuperTemp CPVC Pipes and Fittings are designed to provide superior leakproof efficiency in a wide range of applications, including hot & cold water systems in residential, commercial, industrial and miscellaneous setups. Their robust design and flexibility make them suitable for all uptake and downpipes, including concealed pipe applications. With its RoHS compliant raw material, it is also suitable for potable water supply.

Key Features & Highlights:

High impact resistance (in-handling)

Lower thermal conductivity

Water hammer design efficiency

External & internal corrosion / abrasion free

Advanced CPVC resin formulation

Self-extinguishing (doesn't spread flame)

ASTM D2846 / ASTM F439 / ASTM F493 / IS 15778 standard manufacturing

High temperature pressure-resistant (125 PSI at 82°C)

Certified to NSF/ANSI/CAN 61
Approved by IAPMO-I

Wavin SuperTemp CPVC

Pipe and Fittings

Wavin SuperTemp CPVC pipes are as per ASTM D2846, ASTM F441 & IS 15778 standards,
Wavin SuperTemp CPVC fittings are as per ASTM D2846, ASTM F439 standards &
Wavin SuperTemp CPVC solvent weld is as per ASTM F493 standards.

Wavin uPVC

Wavin uPVC plumbing system is a lead-free system, making it an ideal and safe choice for potable water distribution.

Wavin uPVC is an innovatively developed superior and cost-effective system that is easy to install and suitable for cold water plumbing applications. It has characteristics like UV resistance, lead-free property, and lightweight, to name a few. Its internal smooth surface reduces friction that helps in preventing internal damage and gives durability to the entire system.

Wavin uPVC Pipes and Fittings are suitable for all uptake and down lines, terrace looping including pipework applications.

Key Features & Highlights:

Use of
Adhesives

Low-Temperature
Resistance

Smooth surface inside
for seamless flow

Impact
Resistance

Wavin uPVC

Pipes and Fittings

Wavin uPVC pipes SCH 40 and SCH 80 are as per ASTM D1785 standards & Wavin uPVC fittings SCH 80 are as per ASTM D2467 standards.

Wavin PP-RC

Hot & Cold Water Systems

Wavin PP-RC pipes and fittings are manufactured using Polypropylene- Random Copolymer (PP-RC), which is considered the most reliable polymer in the piping industry. Wavin PP-RC pipes and fittings are physically strong, hygienic safe, and non-carcinogenic. The system is designed for the transport of cold and hot water distribution, air distribution, and to take further advantage of its chemical resistance and other properties it can be used for other liquids or gaseous distribution.

Key Features & Highlights:

Can withstand
-20°C to 95°C

Low on
Sound

Anti-Bacterial

Economical

Low Thermal
Expansion

Durable

Wavin PP-RC

Wavin PPR pipes are manufactured as per IS 15801.

Wavin PVC+ Pipes and Fittings

A revolution in its segment, the PVC+ Pipes and Fittings include bends, branches, access fittings, traps, solvent cement and lubricants to provide a range of solutions for soil, waste & rainwater for unmatched performance, supreme durability and smooth water flow. This revolutionary product is available in grey color and has two connection methods to give it maximum installation flexibility.

Key Features & Highlights:

Quick, easy,
& convenient
installation

Smooth Interior-
free of
incrustations

Corrosion
& abrasion
resistance

Angular
rotation
guidance

Fire retardant
properties

Cost effective

UV
resistant

Insertion
depth ring

Enlarged and
Chamfered Lip

Wavin PVC+

Pipes and Fittings

Wavin PVC+ Pipe Range are as per IS 13592 standards.

Wavin Foam Core

Multi-Layer Drainage Pipes

Foam Core pipes are multilayer pipes having outer and inner layers of conventional PVC and middle layer of foamed PVC. Outer and inner layers are designed to withstand the load and middle layer of foamed PVC gives rigidity and maintains the shape of the pipe under the load. It reduces the total weight of the pipe and makes it light when compared to solid wall PVC pipes.

Key Features & Highlights:

Easy to
Install

Maximum
Flow Rate

Lightweight
& Strong

Available in Ring-fit
and Solvent Joint

Wavin Vectus AGRI

Wavin Vectus offers a comprehensive range of agricultural Pipes and Fittings for farmers.

Wavin Vectus PVC pipes for agricultural use are the ideal solution for sourcing water from natural water bodies to the farms. Their robust design and versatile application also makes them suited for obtaining water from borewells by connecting with submersible pumps.

Key Features & Highlights:

Durable & resilient

Improved water flow

UV resistant

Leak-proof joints

Cost effective

Lightweight & easy to transport

WAVIN VECTUS AGRI PIPING SYSTEM

PRESSURE PLUS PIPES FOR WATER SUPPLY (AGRI PIPES)

Pipes are mfg. as per IS 4985, 2.5, 4, 6, 10 & 15 kg/cm² Pressure
