THE STANDARD FOR FLUSH TECHNOLOGY STYLISH AND APPEALING
WATER SAVING AND ANTI BACTERIAL

Concealed flushing cisterns are a great choice for sanitary facilities equipped with floor mounted toilet bowls.

As the name suggests, instead of being on display, the cistern element of the toilet is concealed, either behind a wall or within a furniture unit, with just the toilet pan visible.

This helps contribute to a cleaner, more minimalist style bathroom that's both easy to maintain and effortlessly stylish.
